

*“The 2025 debating season will be one I will never forget, not only for being my team’s final season but for the numerous successes across the year groups as well as the unwavering dedication, resilience and positivity which has defined this debating cohort.*

*So many junior debaters have joined us this year, as well as many seniors continuing to show their passion, resulting in us having the largest group of debaters SCEGGS has ever had.*

*There have been numerous highlights across the year in each competition as well as many debaters getting involved in Inter-House Debating. Debating is an activity which relies on teamwork and the friendships and cohesion fostered across year groups has made this season extremely special.*

*A special thank you to Ms Kottegoda for taking on the role of Debating Coordinator and working hard to ensure the competitions ran seamlessly and all the debaters were inspired; your effort is evident in the success of debating this year and the willingness to get involved shown by girls from all year groups.”.*
