

Domremy College Celebrating the HSC Class of 2025

Dear Domremy Community,

It gives me great joy to share with you the Domremy College Higher School Certificate (HSC) snapshot for 2025.

Congratulations to the young women of the Class of 2025, their parents and families, and their teachers on these outstanding achievements. This cohort has demonstrated a persistent commitment to excellence and a determined pursuit of excellence.

The College is extremely pleased for our **35 Distinguished Achievers** who earned a total of **68 mentions** in the highest band (Band 6 or E4) across a broad range of courses. Additionally, we are delighted for the many girls who received early entry into university programs, grew significantly beyond their expectations, and persisted with a growth mindset to achieve great personal success.

We particularly celebrate the diversity and depth of talent within this group. We congratulate **Sophia Mauro** on achieving the highest ATAR, 97.55, making her the Dux of the Class of 2025.

Personal commitment to academic excellence is clearly visible in these results; however, it is this Year Group's commitment to their learning journey that is truly

remarkable. Their dedication to faith, social justice, and the co-curricular dimensions of the College has served to cement the Domremy community as a vibrant place of learning, enriched by the Presentation charism.

This continued growth highlights Domremy's enduring commitment to academic excellence and holistic education. We are fortunate to have dedicated teachers whose ongoing commitment to high standards, generous mentorship, and expertise has nurtured these young women since they began their journey with us in 2020.

Many thanks to our parents and carers and their unwavering support and trust placed in us for their daughters' education and formation.

As a staff, we pray and hope that the young women from the Class of 2025 continue to **"Let their Light shine"** in all that they do. We wish them the very best as they embark on the next exciting stage of their lives.

With warm regards,

Antoinette McGahan
College Principal
