

MARIST COLLEGE EASTWOOD

20 October 2025

Dear Parents/Carers

Year 10 End of Course Examinations Assessment Block

On **Monday 3 November**, Year 10 will begin their End of Course Examinations Assessment Block that will conclude on Monday 10 November. All students have been emailed a copy of the schedule, which has also been attached for your reference. Year 10 students will be afforded examination privileges during the week in order for them to best prepare for these assessments. Year 10 students will **return to class Tuesday 11 November**.

These examination privileges are offered to our senior students to best support the balance required between tasks. Students will be allowed to leave the College once they have completed their examinations for the day. It is expected that students will go straight home at the completion of the exam and use this time to prepare for their remaining examinations. **If a student has two exams in one day, they are to remain onsite between examinations.** If a student does not have an examination scheduled he can stay home to study. The College will provide a study space for any student if parents believe their son would benefit from staying at school. The Learning Centre will be available for Year 10 during this week to study and collaborate before and after assessment events.

Students who represent the College in SCS sport will be required to be at school for their Representative sport on Thursday. While most sports leave at 12:05pm, students should check the sports roster in the morning to confirm the time they should be at school.

If a student does not meet College expectations, or it is deemed necessary and/or suitable for the student, the College holds the right to revoke exam privileges at any time. It is important no appointments or bookings are made during school hours in the exam period, in case this occurs.

If your son misses an exam, an [Illness and Misadventure Form](#) is required and he is expected to **complete this exam within the week**. The allocation of this will be communicated with your son.

On **Monday 10 November** students will be required to complete the All My Own Work Modules, a requirement by NESA for Stage 6. Students will complete this from home and will be provided with further information on this closer to the date. Students will not be permitted to begin their Stage 6 studies without completion of these Modules.

In the coming weeks Year 10 students have multiple assessment tasks due which can be viewed in the [Assessment Handbook](#). It is important that students plan their study and timelines to complete these tasks, Parents can access Assessment Task Notifications for each subject via Compass.

Yours sincerely

Ms Emily Mattick
Leader of Wellbeing - Year 10
