# Return & Earn

The Return & Earn program allows people in NSW to take eligible beverage containers to return points and receive a 10-cent refund for each container. You can choose to keep your refund or donate it to charity. There are many sites across NSW.

- The more containers you donate, the more money gets fundraised for our charity of choice

# What can the Yr 8 community do to help?

To support this initiative we, the year 8 community, need to take action. By putting any cans, bottles and juice boxes you have in possession into these Return and Earn bins, we can not only aid and provide shelter for women and children in need but also help sustain and support our environment.
